## Design Experience

**Web Design and Production** — Completed, fixed, and restylized company's website on a WIX account for Fundraising School Gear; Designed a non-responsive and responsive websites about Eichler Homes for my senior project; Developed a website portfolio, a website about summer break, and a gateway website of my earlier work as an undergraduate.

Used and learned with a website building platform called WIX.

Senior Project — Conducted a random study to see which website people prefer. Responsive website design is more favorable.

Learned how to code in HTML and CSS.

**Freelance** — Active Angelz — Designed and retouched a photo booklet for a high end woman's apparel company called Active Angelz.

**Student Design Competitor** — Competed at the National AIFD Symposium Student Competition in Las Vegas in 2013 SAIFD; Placed 3rd at the California State Floral Association 2013 Student Design Competition in the fall.

Placed 6th in 2012.

**Film and Digital Technology** — Photographed photos of various objects and people. Developed film and Photoshopped photos.

Established composition, focal points, and different lighting techniques in the photographs.

**Digital Typography** — Revised an article off the web.

Integrated typographic rules and organized illustrations. Established composition, focal points, and different lighting techniques in the photographs.
